

ADM Bookit

We are ADM'S in house logistics team that can help with any of your logistics needs including special projects, heavy haul and rigging.

We leverage ADM's fleet and transportation partners to offer competitive rates. \$5.58 annual freight investment

Full Truck Load (FTL)

- Fill an entire truck with solely your customers product.
- Safest and most direct way to transport.
- Refrigerated, dry goods and Haz mat
- Most cost effective for shipments of ≥ 5 pallets and / or over 10K lbs.

Liquid Bulk

- Transport large volumes of liquid / dry products.
- Access to liquid, food grade and pneumatic trailers.
- Common liquid products include cocoa butter, glycerin or soybean oil.
- Common dry product is flour.

Flatbed

- Open trailer (no sides). Tarps protect product.
- Various sizes exist to accommodate oversize and large products.
- Usually used for lumber, steel and large agriculture or construction equipment.

Heavy Haul & Rigging

- Save time and money
- May not have to remove as many walls or the roof
- We have lots of equipment options from multiple riggers in US

ADM Logistics Bookit team, under ADM Transportation, serves as a Supply Chain Solutions Provider. We can handle any shipping needs not handled by trucking or truck traffic. The more freight we do from suppliers into our locations help us with our outbound needs at locations.

Less Than Truckload (LTL)/ Expedited Freight

- Shared trailer space.
- Best for freight $\leq 10K$ lbs. and / or 5 pallets (10 stacked).
- Can provide cost-savings, but transit times are estimated and may increase.
- Hot Shot, sprinter vans.

Domestic Drayage / International Shipping

- Movement of shipping container to/from railyard or port.
- Pick up & move empty/loaded container to shipping location for loading / unloading & move back to the rail/port to transport by railroad or ocean vessel.
- Offer International shipments by ocean vessel or airplane from one country to another.

Barge

- Move heavy equipment up rivers to the closest site to offload for Locations

Contracts and Insurance

- All carriers must sign a contract and meet ADM standards
- We make sure carriers have proper insurance for the load they are transporting
- We check carriers record for safety

Transportation and Logistics change constantly. Our experts guide customers every step of the process and offer recommendations for the best type of transportation options for your product, delivery timeline and budget needs. Our team consistently provides real-time assessment and updates to identify opportunities and troubleshoot challenges along the way, providing a positive customer experience.
