

2018

JEEP GRAND CHEROKEE TRACKHAWK 4X4

Recall data refreshed on Jul 10,2025

1 Unrepaired Recalls

associated with this VIN

Oct 29,2018

Manufacturer Recall Number UB3

NHTSA Recall Number 18V-759

Recall Status Recall Incomplete

Summary

The driver floor mat may have an unacceptable amount of clearance between the mat and the accelerator pedal. A driver floor mat without a acceptable amount of clearance to the accelerator pedal may prevent the accelerator pedal from returning towards an idle state when the driver removes pressure on the pedal, causing more engine power to be requested than intended.

Safety Risk

Unintended engine power can cause a vehicle crash without prior warning.

Remedy

Inspect the drivers floor mat part number and replace the mat if it is the defective part.

Manufacturer's Notes

For more information, visit recalls.mopar.com or call 1-800-853-1403. Please have your VIN ready when calling.

Find a **dealer**.

Locate a dealer near you to get your vehicle repaired.

 GO

If the manufacturer has failed or is unable to remedy this safety recall for your vehicle in a timely manner,

please contact the NHTSA Vehicle Safety Hotline at: **1-888-327-4236** or TTY: **1-888-275-9171** or file an online complaint with NHTSA.

Where's my VIN?

Every vehicle has a unique **vehicle identification number**, often referred to as a VIN. Look on the lower left of your car's windshield for your 17-character VIN. Your VIN is also located on your car's registration card, and it may be shown on your insurance card.

What information will display in the search results?

- When searching by license plate or VIN, you'll learn if a specific vehicle needs to be repaired as part of a recall.
- When searching by a vehicle's year, make and model, or for car seats, tires or equipment, you'll get general results for recalls, investigations, complaints and manufacturer communications.

What will the license plate and VIN search show?

- An unrepaired recall for a vehicle from [certain manufacturers](#).
- If the vehicle has no unrepaired recalls, you will see the message: "0 unrepaired recalls associated with this VIN."

What won't the license plate and VIN search show?

What won't the license plate and VIN search show?

What won't the license plate and VIN search show?

- An unrepaired recall for a vehicle from [certain manufacturers](#).
- If the vehicle has no unrepaired recalls, you will see the message: "0 unrepaired recalls associated with this VIN."

What won't the license plate and VIN search show?

- An unrepaired recall for a vehicle from [certain manufacturers](#).
- If the vehicle has no unrepaired recalls, you will see the message: "0 unrepaired recalls associated with this VIN."

What won't the license plate and VIN search show?

- A safety recall that has already been repaired.
- Some recently announced safety recalls for which not all VINs have been identified. VINs are added continuously so please check regularly.
- Safety recalls that are more than 15 years old (except where a manufacturer offers more coverage).
- Safety recalls conducted by small vehicle manufacturers, including some ultra-luxury brands and specialty applications.
- Manufacturer customer service or other non-safety recall campaigns.
- A recall involving an international vehicle.

Why is the license plate search result showing a different vehicle?

License plate information is generated from state department of motor vehicles. If the search result shows a vehicle you previously owned, rather than your new vehicle with the same license plate, [contact your state DMV](#) to request your vehicle information be updated. In the meantime, you can search for recalls using your vehicle's VIN.

Other search options, including by NHTSA ID

You can also search for recalls and safety issues information by [NHTSA ID](#) and [complaints by keyword](#).
