Diagnostic Report

Plate Number:

Model: Versa sedan

Distance Traveled: 69585.98356 Miles

Sub Model:

Vehicle Software Version: V2.50

VIN: 3N1CN7AP2DL872968

Customer:

Ticket No.:

Make: NISSAN

Year: 2013

Engine:

Diagnostic Time: 2025-07-02 10:51:53

Diagnostic Application Version: V5.86.006

Diagnostic Scan Path: North America/North America common/Versa sedan/N17/2013/

Phone Number of Customer:

Summary

8 systems were scanned, and 3 of them were detected with DTCs. Altogether 14 DTCs were found. For safe driving, please read the report carefully and perform related repair in a timely manner.

Full System Report(8)

System		Pre-Scan
System	DTC	
Engine	No fault	0
ABS(Anti-lock Brake System)	Fault	3
Air Bag	No fault	0
EPS(Electric Power Steering)/DAST 3	Fault	1
IPDM E/R(Engine Room Intelligent Power Distribution Module)	No fault	0
Meter/M&A	No fault	0
BCM(Body Control Module)	Fault	10

Report Number : TD1751467910

Date Created : 2025-07-02

Occupant Detection

No fault

0

ABS(Anti-lock Brake System)

DTC	Description	Status
C1155	BR fluid level low	History
U1000	CAN communication circuit	History
C1109	Battery voltage (abnormal)	History

EPS(Electric Power Steering)/DAST 3

DTC	Description	Status
U1000	CAN COMM circuit	History

BCM(Body Control Module)

DTC	Description	Status
U1000	CAN communication circuit	History
C1704	Low pressure (left front)	History
C1705	Low pressure (right front)	History
C1706	Low pressure (right rear)	History
C1707	Low pressure (left rear)	History
C1708	No data error (left front)	History
C1709	No data error (right front)	History
C1710	No data error (right rear)	History
C1711	No data error (left rear)	History
C1729	Vehicle speed SIG ERR	History
