

Hartland Township Board of Trustees, Hartland Township, Huron County, Ohio

The Township no longer has any use for the Galion road grader. That is reason we are selling it

Selling As Is

Galion Road Grader

Not sure what year it is

Model 104

Serial Number - GMD 20868

12 foot blade

5 shank ripper

Detroit GMC diesel engine - *engine turns over but does not run* Model 3057C
Unit# 3A-18357

Oliver Transmission - is free

Has oil leaks in Transmission and Hydraulic system. Most hydraulic cylinders appear to be leaking

Township purchased the grader sometime in the early 80's. Used approximately 20 years for road grading. Hasn't been used in about 25 years. Has been stored in a heated building during that time up until summer of 2025

.
Successful Buyer will have 10 business days from date of payment to remove the grader. No Weekends. The Grader is at the Township Town Hall parking lot and the Hall is rented most weekends and the parking lot is not available to work on it on those days. The last weekend of September we have a community festival and the Hall and surrounding grounds will be unavailable.

The Township does not have the equipment to help load or remove the grader
